Volunteers Are Critical to Camp!

Volunteer efforts and the care churches provide is so vital to the continued ministry of camp. THANK YOU for your support!

Many churches adopt buildings and we are ready to host your ongoing care of your building.

If you want to help out but your church hasn't adopted a building, you can still join us and work on one of the many camp-wide projects.

Please contact **Casey at 252-299-3157** to discuss which project you and your crew want to coordinate.

Please RSVP

Lunch is provided as well as snacks and water through-out work-times.
